

UPPER GUADALUPE RIVER GENERAL INVESTIGATIONS

PROJECT LOCATION AND DESCRIPTION: The Upper Guadalupe River study area is located in the City of San Jose, Santa Clara County, California. The River Reach proposed for this flood damage reduction project begins at Interstate Highway 280, at the edge of downtown San Jose, and extends south for about 5.5 miles.

TOTAL FUNDING:

| | |
|-------------------|-------------|
| TOTAL COST: | \$8,900,000 |
| FEDERAL COST: | \$5,400,000 |
| NON-FEDERAL COST: | \$ 0 |

| | |
|----------------------------------|-------------|
| TOTAL FEDERAL COST THROUGH FY04: | \$2,168,000 |
| FISCAL YEAR 05 BUDGET: | \$ 0 |
| COST TO COMPLETE: | \$3,232,000 |

FY 04 ACCOMPLISHMENTS: A Limited Reevaluation Report (LRR) is currently being prepared to address environmental concerns with the authorized project (authorized in WRDA 1999) and associated cost and cost sharing implications. The LRR will also address economic cost and benefit reanalysis, per Corps policy. It will be submitted for Headquarters approval in March 04. Currently the non-federal sponsor (Santa Clara Valley Water District) is designing Reach 10b and working on a Section 215 agreement with the Corps of Engineers to be executed in June 2004.

FY 05 ACCOMPLISHMENTS: The Project Cooperation Agreement is scheduled for execution in Jan 05.

ISSUES AND OTHER INFORMATION: The proposed Bypass Channel Plan provides 100-year level of flood protection and makes use of bypass channels, channel widening and floodwalls to increase capacity and convey flood flows.

CONGRESSIONAL INTEREST: 14th District, Rep. Anna Eshoo; 15th District, Rep. Mike Honda; 16th District, Rep. Zoe Lofgren

DISTRICT: San Francisco
